

# MyPriority

## Chronic condition management benefits

All MyPriority® Individual Market plans\* provide coverage, before deductible, for some of the most common chronic conditions. Members have access to a variety of medications and services to help them keep their chronic conditions under control.

### Diabetes management

Diabetes management services, supplies and treatments are covered in full, before deductible when furnished by a participating durable medical equipment (DME) provider. Diabetes prescriptions and testing procedures are covered before deductible, with cost share.
