PriorityHealth

Enjoy automatic savings on prescriptions

Your pharmacy coverage makes it easier for you to save on your prescription costs. No more tracking down a coupon code or discount card to save on your prescriptions. You'll always get the lowest price for your medications.*

How it works:

- Use your Priority Health insurance to fill a prescription at any in-network retail or mail order pharmacy.**

- The discount is automatically applied and you will receive the best available price.

- When you fill prescriptions using your pharmacy benefit, the amount spent is tracked against the deductible and out-of-pocket maximum spend your plan has.

Compare your cost between pharmacies

The price you pay could vary between pharmacies. To be sure you're getting the lowest available price for your drug, log in to your member account to compare your cost between local pharmacies.
